

Dipl.-Ing. Architect
Agatha Braun
Architect, BIM Manager

For our office in Stuttgart we are looking for a **BIM Manager/Coordinator (m/f/x)**

Your Tasks

- Development and establishment of the BIM process
- Optimisation of the workflow
- Review and evaluation of models
- Creating cost and schedule plans
- Coordination with planning partners
- Contact person for employees with questions about the BIM process and the BIM software

Your profile

- Successfully completed studies as a Civil Engineer or Architect
- ideally further training in BIM
- Experience in handling BIM projects
- Interested in further development of digital working methods
- Sure handling of CAD/BIM programs, ideally Solibri, Navisworks and Revit
- fluent in German and very good in English
- Strong communication skills and the ability to work in a team

We Offer

- Interesting and varied work in an interdisciplinary team
- collegial cooperation and a good working atmosphere
- flexible working hours and performance-related pay
- unlimited employment relationship with long-term future prospects
- personal development opportunities with a wide range of further training options
- promotion of climate-friendly mobility (company ticket and company bicycle)
- varied sports offers

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is active across the globe and is home to more than 350 employees. We want to make emissions-free structures for more people with less material by producing exceptional designs, innovative structural solutions, and holistic concepts that minimise our impact on the environment.

We look forward to receiving your application documents and will be happy to answer any questions you may have.
