

M.Sc. Pascal Horter
Director Controlling

To expand our team we are looking for an **Intern Controlling (m/f/x)**

Location: Stuttgart

What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- An office in an attractive location with excellent public transport links
- Various sporting activities

Your responsibilities

- Supporting the project controlling of individual companies and teams
- Preparing the monthly management reporting including the results planning
- Supporting the preparation and follow-up of liquidity reports and forecasts
- Participating in analysis for top management
- Assisting selected projects for the further development of the existing controlling instruments and in the introduction of a BI tool

Your profile

- You're studying in the field of economics, business administration, industrial engineering or a comparable field with a corresponding focus
- You're a teamplayer with very good communication skills
- You have a high level of initiative and affinity for numbers
- Your way of working is independent
- You have very good knowledge of Excel and a very good command of English

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with your preferred starting date. If you have any questions, please do not hesitate to get in touch.
