

Dipl. Oec. Christian Kronwald
Director Finance

To expand our team we are looking for **Consultant Finance & Controlling (m/f/x)**

Location: Germany (Stuttgart)

What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

Your responsibilities

- Supporting the Director Finance in the operational day-to-day business
- Collaborating in day-to-day accounting and monthly and year-end closing activities
- Supporting project controlling, receivables management and preparation of ad-hoc analyses
- Responsibility for process management, maintenance of process documentation and guidelines in the finance area
- Active participation in projects for the further development of the global finance area, such as the introduction of a BI tool, digitalization of accounting, and the establishment of a group reporting system
- Conducting research and preparing presentations

Your profile

- You'll have successfully completed your education in the field of economics
- You're a team player who ideally has first professional experience
- Experience in project and process management is an advantage
- You have an open, resilient personality with quick comprehension
- You have a very good command of German and English
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
