

B.Sc. Pauline Flörke
Controlling and Finance

To expand our team we are looking for **Controllers (m/f/x)**

Location: Germany (Stuttgart)

What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

Your responsibilities

- Supervision of project controlling for individual companies and teams
- Preparation of monthly management reporting including profit planning
- Monthly preparation and follow-up of liquidity reports and forecasts
- Carrying out ad-hoc analyses for the management board
- Further development of existing controlling instruments and support for special projects, such as the introduction of a BI tool
- Collaborating in receivable accounting and receivables management
- Supporting the preparation of annual financial statements in accordance with the German Commercial Code (HGB)

Your profile

- You'll have successfully completed your education (focus controlling and accounting)
- You're a team player who may or may not have professional experience
- You have excellent Excel skills as well as knowledge of ERP software, preferably MS Microsoft Dynamics (NAV) or of BI tools (such as Jedox or Board)
- You have a very good command of German and English
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
