

Dipl.-Ing. Andreas Malcher
Team Manager Bridge Structures

To expand our team we are looking for **Structural Engineers for Bridge Structures (m/f/x)**

Location: Germany (Berlin)

What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

Your responsibilities

- Object and structural planning of engineering structures in all work phases
- Holistic handling of exciting projects with experienced engineers and architects
- Project management with BIM methodology
- Development of sustainable constructions for engineering structures

Your profile

- You'll have successfully completed your education as a civil engineer (majoring in structural engineering)
- You're a team player who may or may not have professional experience
- You're familiar with finite elements and CAD software
- You have a very good command of German and English
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
