

Dipl.-Ing. Wael Al Jammal  
Project Manager Building Services

## To expand our team we are looking for a **Project Manager/Project Engineer Electrical Engineering (m/f/x)**

Locations: Stuttgart, Weinheim

### What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

### Your responsibilities

- Executing projects over all service phases (especially 1 - 7) for high and low voltage
- Creating innovative and sustainable concepts
- Cooperating with the fields of architecture and building services
- Developing the field of electrical engineering

### Your profile

- You'll have successfully completed your education as an electrical engineer or master/technician for electrical engineering
- You're a team player with relevant professional experience
- You have strong computer skills
- You have a very good command of German and English
- You have an independent and reliable way of working
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
